SHORT HISTORY OF THE UNIVERSITY

Kabarak University was founded on **16th October, 2000** by His **Excellency President Daniel Toroitich Arap Moi**, the Second President of the Republic of Kenya and the Chancellor of the University. His Excellency President Moi wanted to set up a reputable Christian, Liberal Arts, Science and Technology university. The University operated under a Letter of Interim Authority granted by the Government of Kenya and presented to the University by the Commission for Higher Education on **16th October 2000**, therefore allowing the institution to award degrees. On **16th May, 2008** the University was awarded Charter by His Excellency President Mwai Kibaki, the third President of the Republic of Kenya.

Our Vision

To become a Centre of Academic Excellence founded on Biblical Christian values.

Our Mission

To provide a holistic quality education based on research, practical skills and Biblical Christian values.

Our Philosophy

To provide quality education in Biblical Christian worldview that transforms lives.

Our Core Values

- Integrity
- Excellence and professionalism
- Innovativeness and creativity
- Patriotism
- Commitment to service
- Being mindful of others

Our Moral Code

As members of Kabarak University family, we purpose at all times and in all places, to set apart in one's heart, Jesus as Lord (1 Peter 3:15)

Our Campuses

The University currently operates two campuses:

The Main Campus is located in a serene environment 20 km, north . west of Nakuru Town along Nakuru . Eldama Ravine/Marigat Road. The 600-acre campus has state-of-the art facilities for teaching, learning, research, accommodation, catering, and sports. The facilities are purpose-built to enhance intellectual, physical, and spiritual growth.

Nakuru Town Campus is located in the University-owned spacious campus with modern facilities off Nakuru . Kabarak Road.

General Academic Regulations

1. ADMISSION REQUIREMENTS

1.1 Minimum Entry Requirements for a Bachelor's Degree

The entrance requirements set out below must be regarded as minimum requirements which in no way automatically entitle an applicant to a place in the University. Candidates must fulfill the following:

- (a) Have a Kenya Certificate of Secondary Education (KCSE) with an average grade of C+ (C plus) or its equivalent passed from at least seven subjects at one sitting drawn from subject groupings as specified by the Kenya National Examinations Council.

OR

- (b) One of the following combinations of passes in the Kenya Advanced Certificate of Education Examination or Advanced Level of the General Certificate of Education.

- (i) Two (2) principals or Advanced Level passes of at least Grade E, obtained at the same sitting.

- (ii) Two (2) principals or Advanced Level passes obtained at different sittings provided that both passes are of Grade C or higher.

OR

- (c) Have a Diploma with Credit from an institution recognized by the University Senate and the Commission for University Education.

- (e) Additional entry requirements may be specified by respective Faculties, Schools or Departments.

1.2 Genuine and Certified Documents

All applicants applying for admission to Kabarak University are expected to submit acceptable certified documents of previous academic work. Submission of false or altered documents or the failure to give complete and accurate information on admission forms will be grounds for denial of admission or dismissal.

1.3 Deadlines for Applications

Applications should be received before the beginning of the semester. Admissions take place three times a year in January, May and September, unless otherwise specified for specific programs.

2. DURATION OF STUDY, COURSE LOAD, AND CREDIT FACTORS

2.1 Duration of Study

- (a) Kabarak University is organized on a semester system. Two semesters constitute one academic year, unless otherwise specified for specific programs.
- (b) Each semester comprises thirteen (13) weeks of lectures and two (2) weeks of examinations.

2.2 Course Load

- (a) Unless specified otherwise, a student in a regular program may register for a course load of a minimum of fifteen (15) and a maximum of twenty-one (21) credit factors in a semester, depending on his/her performance in the previous semester.
- (b) A Student must register for and pass all the courses prescribed by the University for each program of study for the award of a degree, diploma, or certificate.

2.3 Transfer of Credits from Other Institutions

- a) The candidate shall apply for credit transfer or exemption in writing through the Dean to the Registrar (Academic and Research)
- b) The evaluation of credit transfer is under the authority of the Dean of the respective school who shall do so in accordance with the Credit Transfer Policy approved by the University Senate.
- c) Transfer of the credit from recognized institutions is accepted only if the grade received is C and above and if accompanied by an officially endorsed academic transcript.
- d) The University Senate may accept credit transfer up to a maximum of 49% of the required credits in a degree program. Such credits must be acquired from institutions recognized by the Senate and the Commission for University Education.

- e) All applicants applying for credit transfers to Kabarak University are required to submit acceptable certified academic transcripts of previous academic work.
- f) The candidate applying for credit transfer or exemption shall pay the applicable fees to the University.

2.4 Credit Factors

A lecture course where students meet one hour per week for 15 weeks in a semester is worth one credit factor. Thus, for a course worth three Credit Factors, the students meet three hours per week for fifteen weeks. Credit hours for laboratory courses are determined to be half of the number of hours spent in class, for example, a 2 hour per week Lecture Course has a C.F. of 2.0, while a 2 hour Practical Session has a C.F. of 1.0.

3.0 DEFERRAL OF STUDIES

- 3.1 A student who wishes to defer his/her studies for a valid reason must complete the *Deferral Request Form* and submit it to the Office of the Registrar (Academic and Research). A student who defers studies without following this procedure shall be deemed to have terminated his/her studies and shall be de-registered from the University.
- 3.2 Students who miss the end of semester examinations due to non-clearance of fees shall be required to defer studies and register again the following semester for the units deferred. For such cases, tuition fees paid in the previous semester shall be carried forward to the next semester.
- 3.3 No student shall be allowed to defer admission or intermit studies for more than one academic year.

4.0 COURSE STRUCTURE AND REQUIREMENTS

Courses taken to fulfill graduation requirements must be drawn from a cluster of University Common Courses and from courses specified by Schools and Departments for various programs.

4.1 University Common Courses

The broad purpose of teaching University Common courses is to foster a liberal education philosophy, with emphasis on Biblical Christianity in line with the Vision and Mission of Kabarak University. The common courses are intended to broaden the academic background of students in their respective professional training and thus facilitate a more profound

appreciation of life, the society and environment in which the students are a part. The University Common Courses offered across the curriculum are:

- COMP100 Introduction to Computer Applications
- COMS110 Communications Skills I
- BIBL110 Old Testament Survey
- BIBL120 New Testament Survey
- COMS120 Communication Skills II
- BIBL210 Redemption Story
- BIBL 222 Christian Ethics

4.2 Program Courses

Program Course Requirements are intended to foster a common academic culture among all students to be awarded a degree from the respective faculties. Details of such courses are specified under individual Faculties and Departments course curricula.

All candidates registered at Kabarak University must take and pass all the required University Common Core Courses and the faculty courses within the stipulated time.

5.0 GRADING SYSTEM AND ASSESSMENT PROCEDURE

5.1 Grading System

Since students attend the University to extend their education, grades are usually taken as an indication of the proficiency of their endeavors. The student's semester grade in a course shall be based upon performance in continuous assessment such as class exercises and tests, laboratory work and in the final examination as applicable to the course. The proportionate weight assigned to each of the above parameter, unless specified for specific programs, shall be as follows:

- Continuous assessment - 30%
- Final examination - 70%

5.2 Course Outline

The course outline based on respective course syllabus upon which the final grade will be determined shall be distributed in written form by the respective lecturer to the Students during the first two weeks of a semester. Copies of the course outlines must be submitted to the Head of Department.

5.3 Assessment Criteria and Procedures

- (a) Unless specified otherwise for specific programs, the ordinary examinations shall be graded on the basis of percentage marks consisting of thirty per cent (30%) as continuous assessment and seventy per cent (70%) as final examination, unless specified otherwise. Continuous assessment shall constitute assignments, field and laboratory work and semester tests.
- (b) The duration of the final examinations shall be as follows: A course having three (3.0) Credit Factors or less shall be examined by a paper of two (2) hours only. A course having Credit Factors greater than three (3.0) shall be examined by a paper of three (3) hours only. Where a course is mainly practical in nature, it may be examined wholly or substantially by continuous and/or practical assessment.
- (c) Unless specified for specific programs, the following grades at the undergraduate level, representing varying degrees of achievement are used: A, B, C, D, and F. I, Au and CT, where:

A	70-100: Excellent
B	60-69: Good
C	50-59: Satisfactory
D	40-49: Below Average
F	Below 40: Fail

Other designations related to the examinations shall be as follows:

I	Incomplete
Au	Audit
CT	Credit Transfer

- (d) Unless specified otherwise for specific programs, a minimum grade of D is required to pass.

5.4 Cumulative Weighted Average

- (a) A uniform method for calculating undergraduate Cumulative Weighted Average (CWA) has been established for all undergraduate students. These averages are calculated on the basis of all courses attempted for which grades are assigned. This method of calculation is used to determine whether a student proceeds to the next academic year or is discontinued on academic grounds.
- (b) For the purpose of computing Cumulative Weighted Average for graduation, only the grades received in those courses counting toward the degree, diploma or certificate, including grades in repeated courses, are considered in computing the average.

- (c) Only the grades a student earns in registered courses at Kabarak University shall be used to determine his/her Cumulative Weighted Average. Grades earned from another institution cannot be used to improve a Cumulative weighted average or eliminate a quality point deficiency. Such grades can only be used as transfer credits on approval by Senate.
- (d) Unless specified otherwise for specific programs, to be eligible for a degree, a student must have an overall CWA of 40 points and satisfy other specific requirements in his/her major and minor areas of specialization.

5.5 Reporting of Grades

- (a) At the end of each semester, grades in form of examination result slips are made available online to students through the University Student Portal. To maintain confidentiality only course grades earned by the student and NOT the actual marks will be made available to the students.
- (b) Teaching staff members have the responsibility of providing the University with academic evaluation information on the work of each student in his/her classes. Final course grades are entered on the students' permanent University records as Individual Course Mark sheets and consolidated Mark sheets at the close of each semester and academic year. The deans of respective schools present the Pass Lists, the Retake Lists and their consolidated lists to the University Senate for approval.

5.6 Incomplete Grade

- (a) A student who has completed a course but has no continuous assessment or final examination marks will earn an incomplete grade which will be recorded as a temporary grade and indicated as "I" at the end of a semester.
- (b) Incomplete work must be completed before the last day of scheduled classes of the immediate next Semester in which the student enrolls in the University unless the Dean, with the consent of the Head of Department grants an extension of time for a good reason acceptable to Senate.
- (c) If the incomplete work is not completed within the stipulated time without prior permission the "I" will automatically convert to "F."
- (d) An "I" grade is intended to be only an interim course grade. It is to be used only if a student has satisfactorily completed at least 75% of the course work and there is an excusable and acceptable reason for not completing all the course requirements prior to the grade reporting time.

- (e) With the awarding of the “I” grade, the instructor must indicate in the Incomplete Grade Report Form specific reasons for awarding grade “I” to a candidate.
- (f) Grade “I” which has converted to a “permanent” grade F must be reported by the Head of the Department through the Dean to the Registrar (Academic and Research) by completing the *Incomplete Grade Report Form*.
- (g) Grade “I” shall be considered as neutral in the calculation of the Cumulative Weighted Average and should only be used as an interim grade.

5.7 Missing Grades

All missing grades must be reported by the student on the *Missing Grade Form* which must be received in the Registrar’s office within forty-five (45) days immediately following the Semester for the missed grade.

5.8 Changing of Grades

- (a) All course grades (except “I”) are final and permanent.
- (b) It is expected that lecturers will accurately report final grades in the mark sheets.
- (c) It is considered the lecturer’s direct and personal responsibility to ensure that grades and marks are fair and reported correctly the first time the mark sheets are filled. Final grades and marks in the mark sheet shall not be altered whatsoever.
- (d) Notwithstanding article (c) above errors may inevitably occur, and when they do, they must be corrected when discovered. The procedure for making such corrections is as follows:
 - (i) The instructor of the course completes the *Change of Grade Form* which shall include: the student’s name, registration number, course designation by title and code number, semester, and the change desired; a statement unequivocally identifying the person who made the error, and/or explaining the nature of the error; an explanation of how the new grade was computed.
 - (ii) The Form must bear the endorsement of the Head of Department and the Dean of School, and must be addressed to the Deputy Vice-Chancellor (Academic and Research) through the Registrar (Academic and Research).

- (iii) The Deputy Vice-Chancellor (Academic and Research) will evaluate the request and seek the approval of the Vice Chancellor.
- (iv) All requests for correcting grades must be submitted by the end of the following semester of the same academic year.

5.9 Supplementary Examinations

- (a) Unless specified otherwise for specific programs, students who fail a unit/course shall register again and retake the unit/course rather than do a supplementary examination.
- (b) Only graduation candidates shall be eligible to register for Supplementary Examinations offered in September for the failed units/courses taken in the final year of study.

5.10 Repeating a Failed Course

A student who fails a course must register and repeat the course the first time the course is being offered after the failing grade has been reported.

5.11 Course Audit

- (a) Students who wish to take academic courses but not receive credit may apply to audit courses. Students auditing courses are not required to take examinations or sit for any continuous assessment. An audited course will be shown on a transcript or result slip with designation AU and no grade or credit.
- (b) Students who wish to audit courses must obtain written permission from the Head of the Department where the course is requested to be taken. The student must also complete regular registration procedures and pay applicable audit fees.

5.12 Dropping and Adding Courses

- (a) Students who wish to add or drop a course must do so in the first two weeks in the semester. The student must write to the Head of the Department to seek permission to drop or add a course. If a student stops attending a course without writing and obtaining an official written permission, a grade of F will be entered on the student's permanent record.
- (c) A course dropped or added must not reduce or add the minimum or maximum units required in a semester.

6.0 DISCONTINUATION

A student shall be discontinued on academic grounds for:

6.1 Failing 50 percent or more of all Credit Factors taken in an Academic Year.

6.2 Committing a serious examination malpractice as outlined in Section seven (7) of these regulations.

6.3 Failing to register for and attend scheduled classes for two (2) weeks or longer without prior permission from the Dean of School.

7.0 STUDENT ADVISING AND ACADEMIC PROGRESSION POLICY

7.1 Academic Program Time Limits

A student enrolled must meet the progression requirements and all the course requirements for graduation within the following time limits:

Program	Regular Time Limit	Maximum Time Limit
Certificate	1 academic year	2 academic years
Diploma	2 academic years	4 academic years
Bachelors	4 academic years	8 academic years
Masters	2 academic years	4 academic years
Doctor of Philosophy	3 academic years	6 academic years

7.2 Statement of Intent

7.2.1 Each school in the University shall be committed to early identification and support of students who are not meeting progression requirements, and may therefore be at risk of discontinuation from studies.

7.2.2 The schools will assist students to meet progression requirements by:

- a) regularly meeting with the students to alert them of progression requirements;

- b) identifying and alerting students who are not meeting progression requirements;
- c) assigning students who are not meeting progression requirements to academic advisers; and
- d) tracking the progress of students after they are identified as not meeting progression requirements.
- e) ensuring that they have clear and transparent internal processes for handling students who are not meeting progression requirements, consistent with this policy.
- f) identifying problematic units and subject them to further investigations and action.
- g) every lecturer scheduling academic advising hours and post them on the office door and in the course outline. A minimum of 3 hours per week expected.

7.3 Monitoring Progression

7.3.1 Schools will monitor each student's progression, including through the examination results. When monitoring each student's progression, the academic adviser may take into account:

- a) whether the student has attended classes as required and done the assessment components of a unit of study;
- b) whether the student has over-enrolled in an attempt to catch up on failed units of study.
- c) At the beginning of the 13th week of the semester, each school to post a notice of attendance record for students with a minimum of 75% class attendance. These are the students eligible for final examinations.

7.4 Red Flags for Identifying Students Who Are Not Meeting Academic Progression Requirements

7.4.1 After the release of the examination results, each school will identify its students who are not meeting academic progression requirements.

7.4.2 A student will be identified as not meeting academic progression requirements in a semester if:

- a) the student received an F (Fail) or I (Incomplete) in more than 50% of the total units in which the student was enrolled for the semester;
- b) the student's current semester average mark was less than 50%;
- c) the student has failed twice to pass the same unit of study; or
- d) the student's attendance record during the semester was unsatisfactory.
- e) The student has registered out of sequence – jumping to the next level courses without clearing the backlog.

7.5 Students Identified for the First Time as Not Meeting Academic Progression Requirements

7.5.1 The Dean of School will send all students identified as not meeting academic progression requirements for the first time a letter advising the student:

- a) that the student has been identified as not meeting academic progression requirements;
- b) why the student has been identified as not meeting academic progression requirements;
- c) that the student is required to attend academic advising session with the assigned adviser; and
- d) if the student fails to meet progression requirements in the following semester, the student may be asked to show good cause why he/she should not be discontinued from studies.

7.5.2 Student must acknowledge receipt of letter. The letter to be copied to the Registrar (Academic and Research)

7.6 Being Asked to Show Good Cause

7.6.1 The Dean of School shall require a student who has not met the progression requirements or other standards set out in applicable program provisions to show good cause why he or she should be allowed to continue with studies.

7.6.2 For the purposes of this policy, 'good cause' means:

- a) circumstances beyond the reasonable control of a student, which may include serious ill health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure; or
- b) reasonable prospects of meeting progression requirements in the following semester.

7.6.3 Students will be asked to show good cause where:

- a) they have exceeded the time limit allowed for the completion of the program of study; or
- b) they have been identified as not meeting progression requirements in two consecutive semesters, that is, one academic year.

7.6.4 A student who is asked to show good cause will be required to provide written reasons why they should be permitted to continue with studies.

7.6.5 A student's response to a request to show good cause should:

- a) outline the circumstances that have negatively affected the student's study performance;
- b) explain the specific effects or impacts of those circumstances;
- c) outline the steps that the student has taken, or will take in the future, to address each of those circumstances, with a view to ensuring that they will not negatively affect the student's study performance in the future; and
- d) attach any relevant documentary evidence such as medical certificates.

7.7 Permission to Re-Enroll or Notice for Discontinuation

7.7.1 The Dean of School will permit a student who has shown good cause to re-enroll.

7.7.2 The Dean will recommend to the University Senate the students who have not shown good cause to be discontinued from studies.

7.7.3 If the University Senate approves, the student will be notified of discontinuation in writing from the Registrar (Academic and Research).

8.0 EXAMINATION REGULATIONS

8.1 Examination Processing

- (a) All University examinations shall be conducted under the authority of the Senate as specified under various rules.
- (b) Only candidates who have registered and paid fees for the examinations and having fulfilled all the requirements will be eligible for taking examinations.
- (c) Subject to approval by the Senate, departments shall establish internal Examination Moderation Committees chaired by Heads of Departments and consisting of senior academic staff who shall moderate the examinations.
- (d) Every candidate for a University examination shall pay to the University in respect of such examinations, such fees as the Board of Trustees shall from time to time prescribe.
- (e) There shall be External Examiners of the University appointed by Senate upon recommendation of the Faculty Board, who shall moderate examinations and examine students in papers assigned by the Faculties.
- (f) Final examination marks shall be agreed upon between the Internal and External Examiners. Where no such agreement can be reached the Chief Examiner concerned shall forward the case to Senate for a final decision.
- (g) In the case of re-examination, a moderator may be appointed from within or outside the University who had no part in teaching the candidate(s) in the subject for the paper under examination.
- (h) No student shall be permitted to proceed to the next year of study without having satisfied all the examination requirements.

8.2 Examination Malpractices

In order to protect the integrity of the University and that of the Degrees awarded, academic malpractices listed below are considered serious and any student or staff found guilty of committing them shall be liable to discontinuation or expulsion from the University:

- (a) Copying or reading from another candidate's script or from any other unauthorized sources.
- (b) Bringing into the Examination room any unauthorized material relevant to the examination such as books, notes, papers, unauthorized electronic devices, and pre-written answers.

- (c) Lobbying for undeserved examination grades.
- (d) Abetting, aiding or covering up an examination malpractice.
- (e) Forging or using medical reports in order to obtain a deferment of examinations.
- (f) Plagiarism: that is, using the words or ideas of another person as if they were one's own without due acknowledgement. These include presenting substantial extracts from books, articles, theses and other published or unpublished works.
- (g) Contravention of acceptable order in examination rooms such as unauthorized noise and conversations.

8.3 Disciplinary Procedures and Penalties
